

WEBSITE PROJECT OVERVIEW | WE UP MUSIC GROUP

1. Project Summary

We Up Music Group is an established entertainment consultancy and music placement company led by industry veteran **Sid Mali**, with over 15 years of global experience in music, media, and cultural advocacy. The company specializes in **music video placements, editorial playlisting, radio promotion, artist management, press & interview coordination, and performance placements** across major U.S. and international platforms.

The goal of this website is to create a **professional, cinematic, and authoritative digital presence** that highlights the brand's credibility, showcases its roster and past clients, and provides a clear path for artists and industry partners to inquire about media placements and management services.

This site functions as the **central online hub** for We Up Music Group's services, achievements, and contact channels.

2. Website Goals

- Establish a **premium, modern brand presence** with a polished, industry-level aesthetic.
- Showcase Sid Mali's professional history, credibility, global experience, and media impact.
- Highlight major client wins, placements, and platform visibility.
- Provide clear service categories for artists, labels, and managers to understand offerings.
- Create an easy inquiry flow to increase inbound leads for media placements and management.
- Present a consolidated roster of past clients and recognizable brand collaborations.
- Serve as a portfolio-style site, reinforcing trust and authority.

3. Target Audience

- **Independent artists** seeking exposure, playlisting, radio play, and media placements
 - **Record labels** seeking promotional partnerships
 - **Managers & publicists** looking for campaign support
 - **Brands & media outlets** evaluating Sid's work or seeking collaboration
 - **Industry professionals** exploring Sid's background and track record
-

4. Sitemap & Page Descriptions

4.1 Landing Page

A bold, full-screen hero featuring Sid's industry photos to immediately establish credibility. Sections include:

- Tagline + service summary
- What We Offer overview
- Music Video Placements breakdown
- Past Clients showcase
- Call-to-action banners

4.2 Artist Services Page

Breakdown of all core services:

- Editorial playlisting (Apple Music, Spotify, Pandora, SoundCloud)
- Music video promotion & placements (MTV, BET, VeVo, etc.)

- Radio interview & promo campaigns (SiriusXM, iHeart, Hot 97)
- Podcast features (Fat Joe & Jada Podcast)
- Performance platforms (On The Radar, Bar 4 Bar)
- Artist management services

Each section includes a description, platform list, and visual icons/logos where appropriate.

4.3 Roster & Past Clients

Showcase of previous clients, including OJ Da Juiceman, Jack Harlow, Benny The Butcher, DreamDoll, Lil Baby, T.I., and others.

Includes:

- Artist list in a clean grid format
- Visual gallery taken from Sid's EPK
- Optional quote or testimonial section

4.4 About the Founder: Sid Mali

A dedicated biography page featuring:

- High-quality imagery of Sid in the industry
- A polished professional bio outlining his experience, achievements, and global background
- Timeline or highlight section emphasizing 15+ years in entertainment
- Photo gallery for authenticity and storytelling

4.5 Contact Page

Simple, clear, high-conversion form:

- Name

- Email
- Phone
- Artist Name
- Service Interest (dropdown)
- Message

Includes direct contact info, New York location, and a CTA for consultations.

4.6 FAQ Page

Covers common questions regarding:

- Editorial playlisting
- Placement timelines
- Pricing inquiries
- Artist eligibility
- Management applications

5. Design & Branding Requirements

Visual Style

- Cinematic, prestige, editorial aesthetic
- Black, charcoal, white, and gold palette (#000000 / #1A1A1A / #FFFFFF / #D4AF37)
- Clean grid layouts with bold typography
- Strong emphasis on photos that showcase industry credibility

Typography

- Headings: Tall, bold modern fonts (League Spartan, Montserrat Extra Bold, or similar)
- Body: Clean, minimal typefaces (Inter, Helvetica Neue)

Imagery

Use the photos found in the EPK:

- Sid with major artists and media personalities
- Performance interview moments
- Industry events
- Behind-the-scenes placements

These images build instant credibility and trust.

6. Technical Requirements

- Fully responsive design (mobile-first)
 - Modern React front-end using Tailwind CSS
 - Routing for all pages
 - Reusable components (Hero, Gallery, Services Cards, Contact Form)
 - Integration with email or webhook (Make.com / backend form handler)
 - Domain connection and hosting-ready structure
 - SEO-friendly page structure and metadata
-

7. Primary Calls to Action

- **“Get Media Placement”**
- **“Artist Management Inquiry”**
- **“Contact Us for Consultation”**

These appear on multiple pages to drive conversions.

8. Competitive Strength

The site’s purpose is to position Sid Mali as:

- **A global entertainment connector**
- **A credible industry insider** with major platform relationships
- **A go-to partner for emerging and established artists**
- **A media and cultural bridge** between U.S. and African markets

This differentiates We Up Music Group from typical "promotion services" by showcasing real industry lineage.

9. Deliverables

- Complete multi-page website UI
- Fully developed v0.dev component library
- Asset integration (photos, documents)
- Content placement across all sections
- Contact form integration
- Domain linking instructions
- Optional: CMS setup, blog, or press page (if expanding later)
